

KPMG is a global network of legally independent professional firms with about 135,000 employees in 140 countries.

In Germany too, KPMG is one of the leading auditing and advisory firms and has about 8,500 employees at over 20 locations. Our services are divided into the following functions: Audit, Tax and Advisory. Our Audit services are focused on the auditing of consolidated and annual financial statements. The Tax function incorporates the tax advisory services provided by KPMG. Our high level of specialist know-how on business, regulatory and transaction-related issues is brought together within our Advisory function. We have established teams of interdisciplinary industry specialists for key sectors of the economy. These pool the experience of our specialists around the world and further enhance the quality of our advisory services.
